# **BQSL Hot Wire Cutter**

**BQSL Hot Wire Cutter is a special cutter developed for measuring section weight of PET. You will realize what is ' Make your process simple! High quality is expected at Lower cost!' with this cutter.**

## **<Features>**

1. Sharp and accurate cut! BQSL Hot Wire Cutter uses extremely thin razor type hot wire, which enables sharp and accurate cut. There is almost no loss of PET weight by hot cutting (smaller than 0.01g.)
2. Instant Sample Holder makes it easy to set various size of bottles firmly to the equipment.
3. You can set the cutting point easily just by adjusting wire holder to the ruler adjusted at a bottom of the bottle.
4. Hot wire is heated during cutting process only. The wire becomes a room temperature in a short time after cutting.
5. Hot wire is extremely thin, but wide and long-life. It will not burn out easily.

### **Hot Wire**

**Wide and Long-life!**

### **Instant Sample Holder**

**Easy Set!**
